

Come & Volunteer with us!

The Moraine Preservation Fund, a non-profit, outdoor volunteer organization is looking for responsible individuals to become volunteer Captains or Mates. Learn to pilot the Nautical Nature, our 45 passenger pontoon boat and a premier attraction at Moraine State Park. Or, assist the Captain with our valued passengers as a Mate. The Moraine Preservation Fund provides educational and leisure cruises throughout the summer and fall and we depend on our hard working volunteers to keep sailing! Training is provided. Hours are flexible.

If you have the time and desire, and would like to volunteer for your community and the environment, then please contact us!

Welcome Aboard!
